Bē [Behance](#)

Senior UI/UX Designer with 6+ years of experience designing scalable, user-centered digital products for US-based clients and enterprise applications. Strong background in product design, UX strategy, and responsive UI development with hands-on front-end knowledge. Experienced in collaborating with cross-functional teams, stakeholders, and developers to deliver business-driven, intuitive user experiences.

Professional Experience

Anukta Infotech Private Limited (Client: Faciligo USA Inc)

Senior UI/UX Designer (Product Designer) . August 2025 – March 2026

- Designing enterprise-grade web / Mobile applications for a US product client.
- Translating business requirements into user journeys, wireframes, and high-fidelity UI.
- Creating scalable design systems and reusable components to maintain consistency.
- Collaborating with product managers and developers in agile environments.
- Supporting front-end teams with clear design documentation and UX guidelines.

Tools:

Figma, Adobe XD, Photoshop, HTML, CSS, Bootstrap, JavaScript (Basic), React (Basic)

Nithya Software Solutions

UI/UX Designer . Aug 2020 – May 2025

- Delivered UI/UX solutions for multiple product and service-based clients.
- Designed intuitive user interfaces for dashboards, portals, and mobile apps.
- Conducted usability testing and design iterations based on user feedback.
- Built wireframes, prototypes, and pixel-perfect UI designs aligned with brand systems.
- Worked closely with developers to ensure smooth design-to-code handoff.

Tools:

Figma, Adobe Photoshop, Adobe XD, InVision, Canva, Sketch (Basics)

MBR Informatics

UI/UX Designer (Intern) . Jun 2019 – Aug 2020

- Designed responsive websites and application interfaces using UX best practices.
- Assisted in UI implementation using HTML, CSS, and Bootstrap.
- Created visual assets, icons, and layout systems.
- Participated in client demos and design reviews.

Tools:

Figma, Adobe Photoshop, Adobe XD, InVision, Canva, Sketch (Basics)
